I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: My continuing recovery of my health from a debilitating illness, in part caused by toxic levels of pesticide, have REQUIRED preservative-free prescriptions to be a part of my daily treatment. College Pharmacy was the only pharmacy capable of providing them to me (from 1993 til the current time). Since it is not feasible for me to reside in Colorado (I have been a resident of California through out this illness), WHAT OPTION DO I HAVE TO REGAIN MY HEALTH?
